Hello Lezant!

For those of you who don't know me, I'm Jeni, and I've joined the wonderful Jill and Jo to edit the parish magazine. It's a lovely privilege to have the opportunity to bring together all the news, stories, events and snippets that make up life in the parish, and I'm looking forward to getting stuck in.

After what has been an exceptionally long, hot and dry spell, we've finally had some rain. As I write this, the fields are getting their first good soaking, and the cows are definitely grateful for it (as are us farmers!).

As I find my feet, it would be lovely to hear from you if you have something you would like to see in these pages - whether it's an old photograph, a story to share, something you've spotted on a walk, a favourite recipe... please do get in touch.

For now, I hope you enjoy the October edition - it's an extra-long one, to bring you some wonderful pictures from Lezant Horticultural Show - and I look forward to bringing you many more editions in future.

Take care,
Jeni

LEZANT PARISH COUNCILLOR VACANCY Are you interested in local current affairs? Do you wish to help your community? Could you provide a voice for residents?

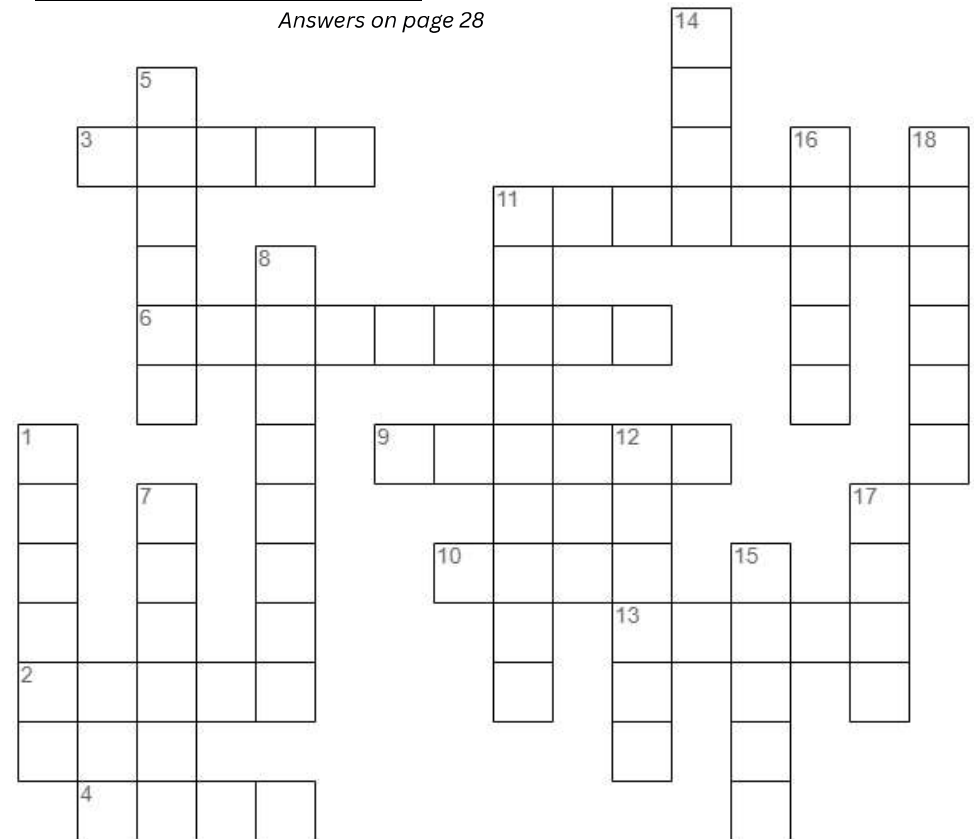

Applications are invited from parishioners who wish to be considered for co-option onto the Parish Council. Please send a letter or email to the Clerk by 5pm on Friday 9 October stating why you wish to be considered for the role (maximum 250 words). Co-option will take place at the Parish Council meeting 13th October.

The term of office will run until the next ordinary elections in May 2029. This position is only open to people that live in the Parish of Lezant or within 3 miles of the boundary and those that work or own land within the Parish.

HEDGE TRIMMING The Parish Council would like to remind residents of their hedge trimming responsibilities regarding roadside hedgebanks adjacent to the highway to ensure safe passage of pedestrians, horse riders and vehicles. It is recommended that November to February is the best time to complete this task so as to cause the least disturbance to wildlife. For further information and advice, please contact Cornwall Council Highways Department on 0300 1234 100

LEZANT LUNCH CLUB

Twenty-nine members came to the July Lezant Lunch Club. Before lunch, members were greeted by Ken Scoble who related some amusing stories. Members enjoyed a delicious main course of lasagne served with fresh vegetables. A vegetarian option was also available. Dessert was lemon tart served with cream.

Our chefs were Ruth Burden and Irene Nash. Service was provided by Irene Nash, Judith Smith, Julie Dinnis, Karen Luxon, Mary Bridger and Helen Judge. During coffee Angela Morrison entertained members with a quiz testing our knowledge of famous authors, and imperial weights and measures. Another excellent turnout for the August meeting. Thirty-two members met at Trebulet Hall.

They enjoyed a tasty main course of chicken and mushroom braised in a wine and cream sauce served with roast potatoes and broccoli. A vegetarian option was also available. Dessert was a lovely strawberry meringue.

Our chefs were John and Emma Morley, Ros Davey and Ruth Burden. Service was provided by Mary Bridger, Cynthia Jewell, Janet Lyle and Helen Judge. During coffee Angela Morrison presented a number based quiz in which each answer was a number between one and twenty-six.

The Lunch Club will next meet at Trebulet Hall on Wednesday 28th October. The cost to members is just £5 for two courses plus tea or coffee.

Please phone Ruth on 01566 782286 to book a space.

TREBULLETT METHODIST CHURCH

Our last report covered our activities up to the very successful garden visits and our Summer Sunday Lunch was held after the deadline for submission of reports for this issue. So there will be a bumper report next month covering the Sunday Lunch, Board Games Afternoon and our Harvest Festival.

We're celebrating Harvest Thanksgiving in a slightly different way this year. Instead of a morning service, there will be a special gathering at 6pm and then we will come together to enjoy a Ploughman's Supper and Apple Pies in the hall. It looks to be a warm and friendly evening of food, fellowship and autumn gratitude.

We will also be raising much needed funds for the people of Nepal, supporting communities to rebuild at this difficult time.

All welcome – please bring a friend and share the Harvest Joy.

Due to the success of our first Board Games Afternoon earlier this year, another one is to be held on Friday 16th October at 2pm in Trebulet Hall.

Cost is £3 per person to include refreshments. Everyone who came to the last afternoon enjoyed themselves immensely so please come again or come for the first time and enjoy games, company and chat.

NUISANCE, SPAM OR SCAM CALLS

We all receive nuisance, spam or scam calls on both landlines and mobiles. To help the various authorities track down and stop such calls you can report them.

HOW TO REPORT A SPAM, NUISANCE OR SCAM CALL RECEIVED ON YOUR MOBILE OR LANDLINE:

Call received on your mobile.

Text CALL followed by the suspicious number to 7726.

If you receive such a call on your landline, use 1471 (if available) to check the number or from your caller list (if available), then on your mobile text CALL followed by the suspicious number to 7726 .

7726 is the free UK national shortcode to report spam text messages and scam calls to mobile network providers.

Spelling the word "SPAM" on a phone keypad, it allows carriers to investigate numbers and block malicious senders.

If you don't have a mobile phone, then most phone providers provide a scheme to report such numbers. BT offer Call Protect which is free.

Reporting scam calls helps protect others and disrupt criminal activity.

KEEPING THE PARISH SAFE AND TIDY

It has become noticeable over the last month or so that on the road west from the Springer Spaniel there have been empty alcohol bottles dumped along the road. We would request that you take your empties (bottles, cans and cartons) home with you and recycle accordingly. Empty vodka bottles in the hedgerows can be a fire hazard. Thank you.

OBITUARY

Tony Crapp

12th March 1936 – 14th July 2026

Tony's funeral was at St Briochus Church in Lezant on Tuesday 18th August. This eulogy was given by his daughter, Andrea. It depicts the family's love of their Dad and how his friends remember him.

When I began to compose this eulogy, all I could do was smile and remember Dad's incredible character and his love for life and people. He was the friendliest, kindest, most gentle and funny person who enjoyed a good chat or a good old yarn. No matter where I went with Dad there was always someone he knew to have a chat with. I've lost count of the amount of times when, out with my parents, Dad saw so many people he knew that it could take a couple of hours just to do the shopping in town, mostly much to Mum's annoyance. That's when she'd say "oh for goodness sake, Tony, come on" to which Dad would chuckle and say "I'd better get moving, the boss is waiting"! We can all recall a time when Tony wrapped us up in one of his chats that veered off into some weird tangent and ended in laughter - Dad's big beautiful booming laugh that used to resonate to the moon and back!

I was always so proud to say I was Tony Crapp's daughter but the one time it didn't go my way was when I started at secondary school. The headmaster asked "You're Tony Crapp's daughter, aren't you?" to which I said yes. He then said "Well you're the 4th Crapp to be at this school so which one of your siblings will you take after?" I'll let you guys figure out my answer but needless to say it was my older siblings' reputation that was the question and not being Dad's daughter.

Dad always helped, listened and gave all the time you needed. He worked incredibly hard but never complained - he just loved his life. He was the original glass half full optimist with a magical laugh; the loudest, loveliest voice and cheeky smile. He was totally content with his family, friends, the Club and his beloved garden.

He had a sense of adventure too, whether it was taking us to Dozmary Pool to look for the whirlpool, or the Cheesewring to wonder at the stones, or water dowsing, or walking the parish boundaries.

Dad was known for his gardening and his bountiful array of plants. He was proud of his vegetables and loved showing them. Once Dad said with a cheeky smile and the look of an excited child, "here maid, come and have a look at this". He produced an amazing leek the size of a guitar and an onion the size of a football.

We will all be sad without Dad, but we know that he's with Mum - where he wanted to be. We are just totally blessed that the most incredible person was our Dad, our relative and our friend.

LEZANT WI

At the September meeting Julie Dinnis, President, introduced Jane Richardson who gave a most informative talk entitled "Dogs with Jobs" about Medical Detection Dogs. Stemming from work carried out in 2004, when it was first noticed that dogs could smell certain illnesses, these dogs are now accredited by the NHS. Interestingly smell is the most important sense in a dog and whereas humans each have 5 million sensory cells in their nose, a dog has 350 million.

The dogs do not work on people but on samples sent to the charity's Medical Research Facility. Here dogs are trained to identify samples that have the chemical components of whatever they are detecting. Many of these cases are cancer and samples may well be urine samples. One dog is known to have saved 500 lives by detecting cancer. In the case of prostate cancer, by sniffing about 20 samples of urine, a dog can detect the one who has cancer for early treatment. Prostate cancer, the third biggest killer in the UK, is a major area of work as they can confirm cases that have shown a high PSA score and commence treatment before invasive surgery is needed. Other areas that they cover include Colorectal cancer, Urological, Malaria and Parkinson's disease. All dogs live with families and get brought in to the centre, near Milton Keynes, to work from 9-4 weekdays, then have weekends off. No dogs are kept in kennels and they only work for about 20 minutes before resting and then going again.

Assistance Dogs is the other strand of this charity's work. It costs £29,000 to train each dog, mostly funded by donations and they can help with the management of Type 1 diabetes, Addison's disease, Nut allergies and POTS. If someone is allocated a dog it is allowed wherever their human goes, theatres, trains, restaurants, whatever as it may need to assist its owner at any time.

Jane showed photos of some of the dogs used, which were mostly gun dog breeds, but explained that they also had a wire coated Jack Russell and explained how they were helping. After questions, Irene Nash thanked her for this enlightening talk.

Diana Anderson and Jackie Warren had prepared delicious refreshments prior to some business discussions.

LEZANT PARISH ARCHIVE GROUP

A busy summer for LPAG

During the summer members of the group have been very busy planning activities for the future. These are detailed below so please read on. In addition, to these activities, we have been discussing how the archive is a living archive, meaning that it is not just about the past but building an archive for the future. To that end we would like to set up a section on the website where wildlife records can be kept. The exact locations of sightings will not be published due to the risk of disturbance, but if you have seen any interesting animals, birds or insects in the parish, do let us know. We know that there has been an influx of Clouded Yellow butterflies this year and lots of Hummingbird Hawk moths, but there have also been more red kites than in previous years and sightings of a barn owl.

Some years ago we asked several long standing residents to talk to us about their memories of living in the parish and there were some fascinating stories to tell; the coming of running water to Treburley, annual cricket matches on Jubilee Field, the church fete at Landue Manor and many more. We are now starting to continue this project. If you would like to take part, then we would love to hear from you. Any memories are grist to our parish archive mill and photographs would be very welcome too, to go onto the website. We have a few people to start the ball rolling, but if you would like to participate, please contact us.

The second major activity that we have been planning is a Quiz Night on October 23rd at Trebulet Hall, commencing at 7.30 pm. Teams of 4 with penalties and bonuses if your team is over or under that number, £3 per person in the team, with prizes and booby prize, a raffle and refreshments at half time. Don't worry if you cannot form a team, we can make up teams on the night and we encourage other interest groups in the parish to form teams to challenge each other! Whilst this is a general knowledge quiz, our quiz master has suggested you may want to have a look at our website beforehand as there will be one or two parish related questions!

PARISH TAXI SCHEME

FOR RESIDENTS OF LEZANT PARISH ONLY

If you are a resident of Lezant Parish, you can claim a subsidy for any taxi journey using Launceston Taxis.

Note: the taxi cannot be used on a regular basis for commuting between home and work, or as a school-run vehicle.

The subsidy offered to residents by the Parish Council is £7 per single journey (you can also claim £7 for the return journey, if applicable).

Please note, this increase will be for a limited time only, in order to use up reserves - once the grant is exhausted, the subsidy will be lowered.

To take advantage of the scheme, the taxi must be pre-booked through Launceston Taxis on 07340 813434.

The taxi driver will have a form that they will complete. You will sign the form and pay the reduced rate to the driver.

Taxi fares have increased due to the current high cost of fuel. The average cost for each journey has gone up by approximately £4 but each journey's fare is per the taxi meter, so the price can vary even with only a few yards difference (eg. the fare from 1 Treburley Close could be less than the fare from 16 Treburley Close). Therefore the single fares quoted below are only for guidance and must not be taken as the fare you will be charged.

EACH WAY	(fare)	(subsidy)	(you pay)
Lezant	£21.00	£7.00	£14.00
Rezare	£20.50	£7.00	£15.50
Trebulet	£22.00	£7.00	£15.00
Treburley	£22.00	£7.00	£15.00
Tregada	£21.00	£7.00	£14.00
Trekenner	£22.00	£7.00	£15.00
Trekelland	£21.00	£7.00	£14.00

The Parish Council would encourage all residents to use the taxi whenever possible, although it is appreciated that a taxi is not always available.

Pre-booking the day before can sometimes help.

CLOUDED YELLOW BUTTERFLIES

by Steve Robbins

The year 2026 has been a notable 'Clouded Yellow year' - and with luck it may not be over yet.

Butterfly (and moth) watchers always tend to get excited about 'scarce' migrant insects being spotted on British shores, and this has been one of the best years for immigrant insects for a long time. The most noticeable of these immigrant species being the Clouded Yellow and the Painted Lady butterflies. Moths have also been represented with large numbers of Hummingbird Hawkmoths, Silver Y's aplenty and some smaller migrant moth species including the Rush Veneer, Rusty Dot and Vestal.

Other than the Clouded Yellow there is only one other predominantly yellow British butterfly - the Brimstone, the deeper more orangey yellow with black markings usually distinguishes the Clouded Yellows fairly easily, although there is a much paler form of the female (about 10% of adult females) that could be confused.

The incoming Clouded Yellows we sometimes see in the UK in early summer are remarkably powerful fliers and can successfully tackle lengthy sea crossings. Their forebears will have originated in North Africa and the Mediterranean region, moving north through Spain and France, breeding en route and, in favourable seasons, ultimately arriving in the UK and spreading northwards. It is thought that the species can be gregarious as it migrates and there are old records of massive arrivals of thousands of the butterflies arriving on the Cornish coast even forming large yellow clouds - hence the name.

Numbers of Clouded Yellows seen in the UK vary hugely from year to year, depending on the size of the influxes coming in from continental Europe and on the success or failure of the immigrants breeding attempts once in the UK. The repeated heat waves we have experienced this year have led to a strong spring influx followed by very successful breeding once in the UK. Clouded Yellow butterflies can go through their full breeding cycle, egg to adult, in just over 50 days and they can therefore produce as many as three generations in a year. The first immigrants usually arrive late May and June, the offspring of these first arrivals mix with new arrivals to produce large numbers of individuals in July and August. The caterpillars feed on Clovers, Bird's-foot trefoil, Horseshoe vetch and other Trefoils and Vetches, some or all of these are usually available even in arable dominated areas of the country enabling the species to reach even the northern parts of the UK in favourable years.

If the current weather trend continues and we have a warm autumn we may be treated to a third generation appearing again in late September and October - here's hoping!

ST BRIOCHUS NEWS

The St Briochus annual 'Fizz and Fun' party and barn dance was held at East Penrest on Friday 4th September, in aid of Lezant Parish Church and Children's Hospice South West. A wonderful evening was much enjoyed by over one hundred and ten guests; a record number.

Our enormous thanks are due to James and Jo Rider, together with their whole family and many volunteers, who all contributed to make the evening such a huge success.

Lezant PCC were also very grateful to the volunteers from Children's Hospice South West for their great help on the night.

Some wonderful colours in this floral display

Great variety of vegetables for judging

Nature's bounty!

A selection of yummy cakes

Very proud winners
